A Quota statement is used only for the purpose of tracking your student's progress in reaching their percentage of the entire cost necessary to have and maintain the Music Program of which they are a member. All funds are the property of Linganore High School Band Boosters, Inc. - a 501(c)3 Non-Profit Organization. We have, and will continue to help families meet this goal.

Quota is used for Operating, Uniform Fees, and Optional Trip Fees only. All other items are an additional expense which must be paid for separately.

Statements are issued several times each school year. As long as you have a student that has taken part in the Band/Music Program, and you have supplied us with your information, a statement will be available for you. This includes students that may not take part all four years of High School. If your current student graduates and you will have another entering the High School Band Program August of the same calendar year or the following year, the statement will remain in effect for that student.
